Examples of Colonic Hydrotherapy Machines

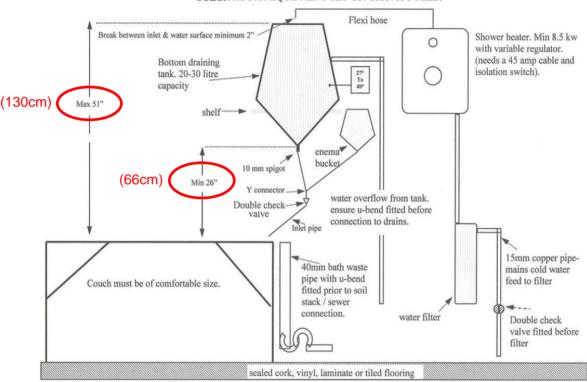

Machines vs. Gravity

What is the difference between working with a CH machine and with a Gravity (tank) setup?

- Ease of use machines are thought to be easier though this is debatable - possibly better in a busy clinic
- Pressure regulation height of water vs. mechanical control
- Integrated viewing tube on some models some prefer this
- Quicker temperature changes with a machine, but with experience a tank can be managed to achieve the therapist's/client's needs
- Price gravity system much cheaper

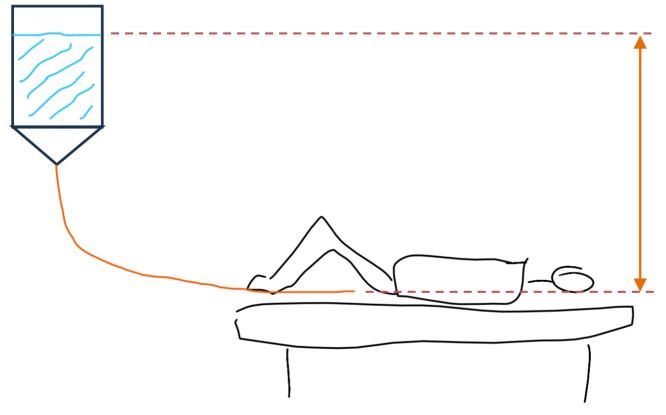

Gravity system

$\label{eq:appendix3} \textbf{COLON ROOM / EQUIPMENT SET-UP. GRAVITY FEED.}$

© ARCH Manual of Good Practice and Hygiene (Revised June 2022)

Gravity system pressure

Outlet pressure depends ONLY on this height, between top of water and end of outlet tube

 No possibility of inadvertent over-pressure

66 cm: 0.07 bar

130 cm: 0.13 bar

Colonic Supplies (UK)

- Legato II
 - (Galina Imrie)
- Basic but cheap(ish)
- No waste view
- ~£3200
- Colonic Supplies link

Dotolo (USA)

- "Toxygen"
 - (Ray Dotolo)
- Old-established
- Waste view tube
- No longer available new, but...

QMS Dotolo-like machine (USA)

- "Aqua Cleanse"
- Waste view tube
- ~£9000
- CS are UK agents
- QMS Arizona link

QMS (USA)

© IPCH 2025

Herrmann (Germany)

- High quality
- Waste view tube
- £8000/~£11000
- Water volume metering ('Comfort' model)
- UK support
- "Dotolo Europe" UK supplier

Transcom (Spain)

- Wide range of models
- Waste view tube
- HC-1 is manual
- HC-2000 is automatic with remote control
- €5500 €10100
- Transcom website

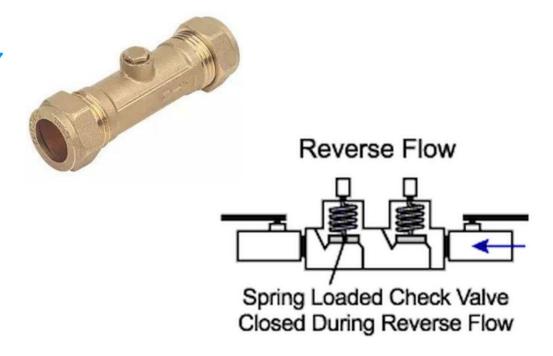

Videos

- There are some useful videos at this site:
- https://dotoloeurope.com/colon-hydrotherapy-treatment-videos/

- Particularly:
 - -- Herrmann demonstration (esp. how to use the disinfectant cycle)
 - -- Dotolo overview [old, from their heyday, for historical interest]

Incoming water isolation

- Check your local water regulations
- a "double check valve" provides isolation to EN1717 Cat 3 (~£5 x2)

Water heating/isolation

- Herrmann box
- Heater
- Water isolation to EN1717 Cat 5
- £3500

End

Thank you
